

**JESUS
WAS A
BIG
FAT
DYKE**

No, we don't actually think Jesus was a big fat dyke. Perhaps she **was** a dyke, but not big and fat. Or maybe he was a fag boy. Who knows? Regardless, the point is not whether or not Jesus was a big fat dyke. The purpose of this handout is to demonstrate that stupidity is stupidity even if you invoke religion. Likewise, hate is still hate. You might think that this handout unfairly ridicules your religion, but think again: those who claim to believe the same religion as you do are attacking gays, lesbians, and many others by abusing your religion. Who is more offensive to you: us, because we parodied ridiculous claims that those self-appointed preachers make, or them, because they reduce your religion to a tool of hate and ignorance?
